Candidacy Statement

Please tell us about yourself, as well as your vision and goals for Travis Ranch.

Why would you like to serve on the Board of Directors? I would like to be a passionate and logical representative for my community. I believe that an HOA, or any representing entity, should hold itself accountable for the issues of the individuals it represents. I also feel like I can bring a strong analytical thought process to the neighborhood while representing the average homeowner and family that the HOA should strive to serve and understand.

Please list previous board position and / or experience: Department manager for a top software provider of the US. Father and husband to a household that requires comprehensive understanding of realistic resources, time, and skills available.

Issues you feel need to be addressed by the Board of Directors in your community: The approval rating of the HOA. The people do not believe that the HOA is working in their best interests. More focus on accountability needs to be seen to improve the community trust and relationship of the people who live in TR. More transparency needs to be given to the families that the HOA is supposed to serve. The HOA should not be run as a for-profit entity, it only leads to corruption and we can see it.

Any prior commitments that may prevent you from actively serving on the Board of Directors?
