Recycling Guidelines

ONLY place these items in the recycling cart:

FLATTENED CARDBOARD

PAPER

GLASS

METAL CANS

PLASTIC BOTTLES & JUGS

TIP: If plastic has a number in the ♻️, recycle it!

DOs and DON'Ts of Recycling

DO

- ✓ Rinse bottles and cans before placing in your recycle cart.
- ✓ Cut down cardboard boxes to fit in the recycle cart.
- ✓ Check out [RecyclingSimplified.com](https://www.RecyclingSimplified.com) for great info about recycling.

DON'T

- ✗ Place plastic bags or any plastic wrapping in recycling.
- ✗ Leave the cart lid open more than 6 inches.
- ✗ Place yard or food waste in the recycle cart.
- ✗ Bag recyclables.

Bulk and Bundled Brush

- ▶ Collected every other week on Wednesdays, according to map and calendar
- ▶ Collection limit: 4 cubic yards (equal to 4 kitchen stoves)
- ▶ Tree, shrub and brush trimmings must be bundled or securely tied together and not exceed 4 feet in length or 35 lbs. in weight

Household Hazardous Waste Disposal Tips

Sharps

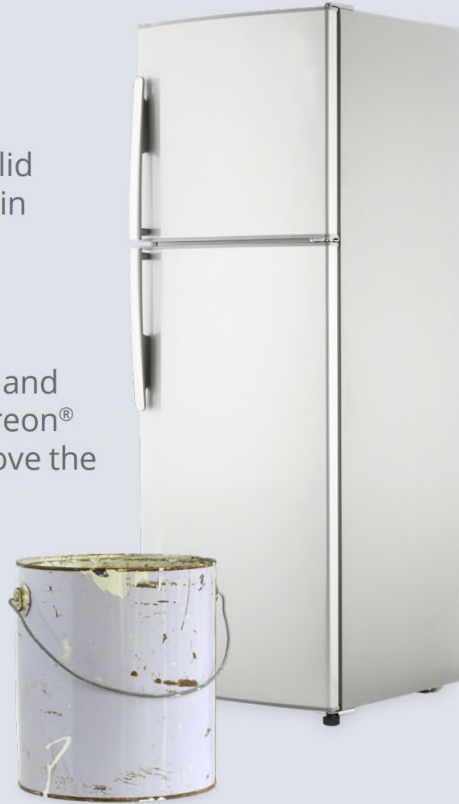

- ▶ Place needles in a puncture-proof bottle with lid (like a detergent or creamer bottle) and place in regular trash.

Freon®

- ▶ Items such as refrigerators, window A/C units and freezers can be collected in bulk trash if the Freon® is removed and tagged. A technician can remove the liquid and tag.

Paints

- ▶ Dry paint with sand or kitty litter, then place at the curb with the lid off with regular bulk service.

Holiday Trash Tips

1. **Don't advertise your new toys to everyone driving by your house.** If you got a huge flat screen TV for Christmas, don't set the box out by your cart for everyone to see. Break it down and put it inside the bin or, at least turn it inside out so that the print isn't showing.
2. **When you get new stuff, don't automatically throw all the old items in the trash.** If you were lucky enough to get a new appliance, piece of furniture or electronic item and the old item is in good condition, find a place to donate the old item. Someone in need or just setting up a household might really appreciate that ugly couch. Some items, such as toys with rechargeable batteries, can even be harmful if placed in the trash, so be sure you're disposing of these items properly.
3. **Consider how you place your trash.** This is particularly important if you're serviced by an automated truck. Avoid piling extra trash between your cart and the street. Keep any extra trash contained as much as possible to make it easier to service quickly and efficiently.
4. **Split it up.** If you have a large number of extra boxes, or other recycle materials, and there isn't enough room in your bin, you can always save them until the next recycle day.
5. **Be prepared for us to arrive at any time.** We don't guarantee pickup times at any time of the year, but during the holidays your pickup can vary more than usual. A big increase in the volume of trash we pick up can cause our routes to run later than usual. On the flip side of that, we may send out trucks to help your normal drivers, which could cause your trash to be picked up earlier than usual.
